

Thriving Through Innovation

Sales Agronomist – Northern US (Immediate Vacancies)

XiteBio is currently seeking a motivated full-time **Sales Agronomist** to join our sales & marketing team in Northern USA preferably in the Western North Dakota (e.g., Minot, Bismark, etc). The sales agronomist will sell & manage XiteBio's portfolio of inoculants and biological products within the region. The sales agronomist works closely with retail locations, distribution partners, select growers and XiteBio team members to earn sales, execute & follow through on sales forecast by providing required customer support.

Skills Required:

- Sales experience in agriculture sector is essential.
- Comprehensive understanding of crop inputs including agronomics, agricultural technology and latest trends in inoculants & biologicals in crop production.
- Strong customer focus with the ability to communicate new concepts in a conversational manner.
- Excellent communications skills which include planning, time management, negotiating, analytical, decision making and problem solving.
- Understand your business targets and have a plan to achieve.
- Ability to work on your own but can also be a part of integrated team of professionals.
- Flexible with time management, travel and able to work extended hours as & if required.
- Ability to work with MS Office including Word, Excel, Outlook, Power point and Windows platforms.

Key Responsibilities:

- Strong relationships with retail and distribution customers.
- Sell, promote and service XiteBio's product lines, work with XiteBio's marketing team and act as the primary liaison for retail accounts within a region.
- Territory sales forecasting for each product line including developing & implementing annual business plans to influence end-user demand.
- Identify, manage and communicate new business & marketing opportunities in the territory.
- Weekly reporting to sales manager on the sales & forecast updates.
- Responsible for attending territory trade shows and representing XiteBio at retail field days.

This position requires working from home-based office and requires frequent travel within the assigned territory. A post-secondary education in agriculture or business is preferred but extensive experience in the areas of crop input sales or adequate combination of experience & education will also be considered. A valid driving license and a passport are required.

This is a full-time permanent position; salary will depend on candidate's education and experience. XiteBio offers a competitive salary, bonus and benefits package. Interested candidates should send their resume and a cover letter with expected salary via e-mail to: careers@xitebio.ca (*Selected candidates only will be contacted for interview*)

ABOUT THE COMPANY: XiteBio Technologies Inc., an innovative agricultural company, is one of the leading-edge microbial technology and ag-biological solutions providers in North America. XiteBio's motto is to deliver genuine value to our distributors, dealers or farm customers through innovative crop production solutions.
